AS-1 ACHRO SEAL 1315 VOC

Product Information Statement for LEED® New Construction (NC) Version 2.2 Credit Documentation

AS-1 ACHRO SEAL 1315 VOC is a premium, clear, non-yellowing, concrete curing and sealing compound in a special blend of VOC exempt solvents. AS-1 ACHRO SEAL 1315 VOC is designed to cure fresh concrete and seal existing concrete and other cementitious materials. It can be used for interior or exterior applications. AS-1 ACHRO SEAL 1315 VOC meets or exceeds the following standards: ASTM C-1315-95, Type I, Class A, B, & C; ASTM C-309, Type I, Class A & B, and Type ID with a red dye added; Federal TT-C0800A, Type I, Clear, AASHTO Des. M-148, Type I, Clear, USDA authorization for meat, poultry, and food processing, Resilient Tile Institute.

TK Products certifies the following information for AS-1 ACHRO SEAL 1315 VOC:

Manufacturing Location

AS-1 ACHRO SEAL 1315 VOC is manufactured in Minnetonka, MN.

Regional Materials

21% by weight of AS-1 ACHRO SEAL 1315 VOC was produced with regionally extracted and processed materials.

Recycled Content

AS-1 ACHRO SEAL 1315 VOC is manufactured with 6% of post-consumer material recycled content from the normal recovery of raw material in the manufacturing process.

VOC Content

TK Products certifies that the VOC (volatile organic content) of AS-1 ACHRO SEAL 1315 VOC is 346g/l.

Based upon the above information, TK Products certifies that AS-1 ACHRO SEAL 1315 VOC may contribute to the following LEED NC v2.2 Credits:

- MR Credits 1.1 & 1.2: Building Reuse: Maintain 75% & 95% of Existing Walls, Floors, & Roof
- MR Credits 4.1 & 4.2: Recycled Content: 10% & 20% (post-consumer + ½ pre-consumer)
- MR Credits 5.1 & 5.2: Regional Materials: 10% & 20% Extracted, Processed, & Manufactured

Respectfully,
