## **TK-3102 CONCRETE TREATING OIL**

### ***Product Information Statement for LEED® New Construction (NC) Version 2.2 Credit Documentation***

TK-3102 Concrete Treating Oil is a solution of boiled linseed oil in mineral spirits. TK-3102 is used as a concrete protective coating for roadways, bridge decks, and parking structures, and meets the following requirements: ASTM D-260, ASTM D-235, MN DOT Specification 3917.2 Type II, WI and III. DOT Specifications.

### ***TK Products certifies the following information for TK-3102 CONCRETE TREATING OIL:***

#### **Manufacturing Location**

TK-3102 CONCRETE TREATING OIL is manufactured in Minnetonka, MN.

#### **Regional Materials**

45% by weight of TK-3102 CONCRETE TREATING OIL was produced with regionally extracted and processed materials.

#### **Recycled Content**

TK-3102 CONCRETE TREATING OIL is manufactured with 6% combined recycled content.

#### **VOC Content**

TK Products certifies that the VOC (volatile organic content) of TK-3102 CONCRETE TREATING OIL is 379g/l.

***Based upon the above information, TK Products certifies that TK-3102 CONCRETE TREATING OIL may contribute to the following LEED NC v2.2 Credits:***

- MR Credits 4.1 & 4.2: Recycled Content: 10% & 20% (post-consumer + ½ pre-consumer)
- MR Credits 5.1 & 5.2: Regional Materials: 10% & 20% Extracted, Processed, & Manufactured
