## **BRIGHT SEAL WB**

### ***Product Information Statement for LEED® New Construction (NC) Version 2.2 Credit Documentation***

BRIGHT SEAL WB is a water-borne premium quality, non-yellowing, sealer for a variety of concrete surfaces. Unlike most water borne formulations TK-Bright Seal WB provides a high gloss “wet look” that enhances the color and is ideal for architectural concrete, exposed aggregate and burnished block.

***TK Products certifies the following information for BRIGHT SEAL WB:***

#### **Manufacturing Location**

BRIGHT SEAL WB is manufactured in Minnetonka, MN.

#### **Regional Materials**

25% by weight of TK-Bright Seal WB was produced with regionally extracted and processed materials.

#### **Recycled Content**

BRIGHT SEAL WB is manufactured with 6% combined recycled content.

#### **VOC Content**

TK Products certifies that the VOC (volatile organic content) of BRIGHT SEAL WB is 148g/l.

***Based upon the above information, TK Products certifies that BRIGHT SEAL WB may contribute to the following LEED NC v2.2 Credits:***

- MR Credits 4.1 & 4.2: Recycled Content: 10% & 20% (post-consumer + ½ pre-consumer)
- MR Credits 5.1 & 5.2: Regional Materials: 10% & 20% Extracted, Processed, & Manufactured Regionally
- EQ Credit 4.2: Low –Emitting Material: Paint and Coating (referencing the South Coast Air Quality Management District (SCAQMD) Rule 1113, in effect on January 1, 2004)

Respectfully,
