HI-TECH 2

Product Information Statement for LEED® New Construction (NC) Version 2.2 Credit Documentation

HI-TECH 2 is a two-component, 100% non-volatile, solvent-free epoxy system specially designed for concrete floors where maximum durability and chemical resistance are desired. HI-TECH 2 is virtually odor free and cures to a high gloss finish.

TK Products certifies the following information for HI-TECH 2:

Manufacturing Location

HI-TECH 2 is manufactured in Minnetonka, MN.

Recycled Content

HI-TECH 2 is manufactured with 6% of pre-consumer material recycled content from the normal recovery of raw material in manufacturing process.

VOC Content

TK Products certifies that the VOC (volatile organic content) of HI-TECH 2 is 31g/l.

Based upon the above information, TK Products certifies that HI-TECH 2 may contribute to the following LEED NC v2.2 Credits:

- MR Credits 4.1 & 4.2: Recycled Content: 10% & 20% (post-consumer + ½ pre-consumer)
- MR Credits 5.1 & 5.2: Regional Materials: 10% & 20% Extracted, Processed, & Manufactured Regionally
- EQ Credit 4.2: Low – Emitting Material: Paints and Coatings (referencing the South Coast Air Quality Management District (SCAQMD) Rule 1113, in effect on January 1, 2004)

Respectfully,

LEED Administrator
