<https://bit.ly/2tSZDwG>

## PRODUCTS TO BE FEATURED INCLUDE:

### SALT PROTECTOR PLUS

A unique penetrating sealer specifically formulated to protect residential concrete and masonry from damage due to de-icing agents, salts and freeze damage.

### DK 400WB

A water-based clear polyurethane floor top coat. Highly durable and protective, it is ideal for interior commercial or residential applications requiring low VOC properties.

### AS-1

A commercial grade, premium quality concrete cure and seal for high traffic surfaces in industrial, commercial and retail environments.

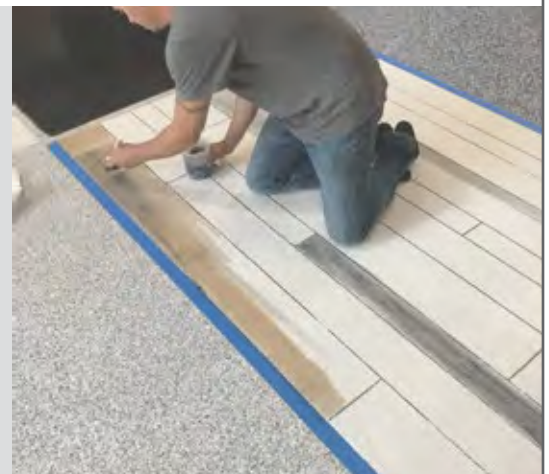

### ADDITIONAL FEATURED PRODUCTS/SYSTEMS:

- Concrete Overlays
- Pigmented Water Repellent
- Metallic Epoxy Systems
- Flake Systems

## LEARN DIRECTLY FROM THE PROS

This 2 day, hands-on training will cover how to:

- Properly prep existing concrete to receive coatings
- Install the appropriate products and product systems
- Select colors as well as topcoats and sealers that are appropriate for the location and use of the surface
- Design a maintenance program to ensure long-term use and enjoyment of these surfaces
